Model Number	Torque Range Min. - Max. Nm	Speed r/min	Weight* kg	Length mm	Side to Center mm	Height mm	Output Drive
CCBPWN200D6	40 - 195	42	3,36	339	28	204	3/4" Square Drive
CCBPWN500D6	119 - 500	14	3,36	339	28	204	3/4" Square Drive
CCBPWN1000D6	214 - 1000	8	6,68	403	40	208	3/4" Square Drive
CCBPWN1350D8	293 - 1350	6	6,68	403	40	208	1" Square Drive
CCBPWN2000D8	436 - 2000	4	6,68	403	40	208	1" Square Drive

*all tool weights are without battery, 18 V - 2 Ah battery weighs 0,43 kg - order number T50-1000497, 18 V - 5 Ah battery weighs 0,72 kg - order number T50-1000498

Notification: Limitation CellCore high torque tool (soft joints)

For increased efficiency it might be necessary and required to apply a pre-fastening operation for soft joints with high torques. These kind of operations need a longer break during fastenings.
